

CS3 JOURNAL CLUB

NOVEMBER 1, 2024
2:00 PM to 4:00 PM

Mark your calendar for November 1 and join us for the first session of the **CS3 Journal Club**, where we will discuss recent research that could drive innovative streetscape projects by providing fresh ideas and approaches for future exploration.

In this session, Dr. Mehmet Kerem Turkcan will lead a discussion on two cutting-edge papers: [MonST3R](#) and [Depth Pro](#).

This weekly club offers a relaxed space to explore papers, ask questions, and engage with new methods. **Whether you want to participate or just listen in, all are welcome!** Future presenters are invited to share their newest favorite papers in future weeks.

Don't miss this chance to connect and learn!

REGISTER NOW!

This is a Zoom-only event.
